

HELP SUPPORT

INDIANA'S WATER FUTURE

The River Assessment Field Team (RAFT) program is an advanced, citizen-science program designed to strategically assess local water quality. This volunteer monitoring program collects high-quality data to help fill agency data gaps, tease out pollution hot spots, and measure trends over time. Help support this important program today.

Watershed

Team Supporter

\$4000 sponsors the equipment and materials needed to establish a new team, which will engage up to 48 additional volunteers and collect 40 additional samples annually.

River

Event Supporter

\$2000 sponsors the materials, personal, and lab fees for a RAFT sampling event which will sample up to 20 sites and engages 20 volunteers.

Stream

Site Supporter

\$500 sponsors the lab fees, quality check procedures, and data management costs for one sampling site, which will be sampled 4 times annually.
