**Greg Elis**  
**Vice President,**  
**Energy and Environmental Policy**

Greg joined the Indiana Chamber in May 2016. Previously, he served as an administrative law judge for the Indiana Utility Regulatory Commission for six years.

Greg has notable lobbying experience at the state and federal levels, as well as a history of working in the environmental arena.

Among Greg's various other roles with the state of Indiana: He served as the business ombudsman for the Indiana Department of Environmental Management and legal counsel for the Indiana Department of Natural Resources.

He was also chief legal counsel and legislative liaison for the Indiana Civil Rights Commission. In addition, Greg served as an Indiana representative on the Council of Great Lakes Governors during development of the Great Lakes Compact.

Greg received his bachelor's degree from Indiana State University and his law degree from the Indiana University Robert H. McKinney School of Law.

He resides in Zionsville with his wife and three children.

Contact Greg Elis at (317) 264-6881 or via email at [gellis@indianachamber.com](mailto:gellis@indianachamber.com).

# About Us

---

The Indiana Chamber of Commerce is the state's largest broad-based business advocacy organization. The Chamber has served Indiana's business community since 1922. The Chamber now serves over 26,000 members and customers annually. The Chamber advocates on behalf of its members in matters affecting Indiana's business climate including environmental regulation as well as other areas of concern.

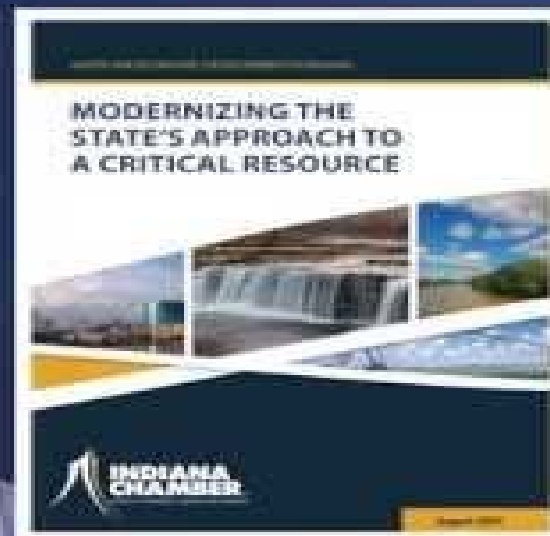

# Mission

---

The Indiana Chamber works to “cultivate a world-class environment which provides economic opportunity and prosperity for the people of Indiana and their enterprises.”

**Vince Griffin**

## *Water Supply*

We must continue working toward better management of our water resources and, ultimately, a statewide water policy to assure future resources and our economic future.

**Why it's important:** Safe, affordable and reliable water supplies are critical for health, safety and economic development of the State of Indiana. .
