

Species Name	Common Name	Status	Found in Aquatic habitats
Vascular plants			
<i>Armoracia aquatica</i>	Lake Cress	State: endangered	Yes
<i>Drosera intermedia</i>	Spoon-leaved sundew	State: rare	Yes
<i>Platanthera leucophaea</i>	Prairie white-fringed orchid	State: endangered Federal: threatened	Yes
Mollusca			
<i>Ligumia recta</i>	Black sandshell	State: not listed but rarity warrants concern	Yes
<i>Obovaria subrotunda</i>	Round hickorynut	State: species of special concern	Yes
<i>Pleurobema clava</i>	Clubshell	State: endangered Federal: endangered	Yes
<i>Quadrula cylindrica cylindrica</i>	Rabbitsfoot	State: endangered	Yes
<i>Toxolasma parvum</i>	Lilliput	State: not listed but rarity warrants concern	Yes
<i>Villosa febalis</i>	Rayed bean	State: species of special concern	Yes
<i>Villosa lienosa</i>	Little spectaclecase	State: species of special concern	Yes
Fish			
<i>Etheostoma pellucidum</i>	Eastern sand darter	State: species of special concern	Yes
Amphibians			
<i>Necturus maculosus</i>	Mudpuppy	State: species of special concern	Yes
Reptiles			
<i>Clemmys guttata</i>	Spotted turtle	State: endangered	Yes
<i>Sistrurus catenatus catenatus</i>	Eastern massasauga	State: endangered	Yes
Birds			
<i>Bartramia longicauda</i>	Upland sandpiper	State: endangered	No
<i>Buteo lineatus</i>	Red-shouldered hawk	State: species of special concern	No
<i>Ixobrychus exilis</i>	Least bittern	State: endangered	Yes
<i>Nycticorax nycticorax</i>	Black-crowned night heron	State: endangered	Yes
<i>Thryomanes bewickii</i>	Bewick's wren	State: endangered	No

Mammals			
<i>Lynx rufus</i>	Bobcat	State: endangered	No
<i>Taxidea taxus</i>	American badger	State: endangered	No
High quality natural community			
Forest – Floodplain wet-mesic	Wet-mesic floodplain forest	State: significant	Yes
Forest – Upland mesic	Mesic upland forest	State: significant	No
