

HELP SUPPORT INDIANA'S WATER FUTURE

The Summit is supported by many partners and individuals who believe in an apolitical and inclusive annual forum developed to examine the complex interests and issues that face our water supply. The Summit's content seeks to remain consistent with and build upon current policy actions in order to provide a broad planning perspective, weaving together diverse topics that together demonstrate the interdependency of water issues and the science behind the state of the waters.

Stream Investor | \$250

What Your Investment Supports: equipment, supplies, and communication materials used before and after the Water Summit to raise awareness around the Summit and its overarching goal of creating an apolitical and inclusive annual forum developed to examine the complex interests and issues that face our water supply.

What Your Investment Yields: your organization's name and logo on Summit materials, recognition at the beginning and end of each Summit day, and on-screen recognition during breaks throughout the day.

River Investor | \$500

What Your Investment Supports: coordination of the Summit Working Group which meets year-round on pre-Summit planning and post-Summit follow-up actions. These Working Group members endeavor to make sure your investment is having the greatest impact possible. Topics are selected to align with relevant research as well as the current water needs and challenges facing all sectors of water users (agriculture, industry, utility, community quality of life, etc.).

What Your Investment Yields: all of the above (see Stream Investors) but featured more prominently (larger font and logo) during the Summit and on our Summit website, plus one 2-day Summit registration.

Watershed Investor | \$1000

What Your Investment Supports: keynote and guest speakers to be able to present at the Summit. These speakers are critical to the format of the Summit, and without them the spread of knowledge and information at the Summit would not be possible. Watershed Investors also support our pre-Summit and post-Summit online forums with university and agency partners that highlight and devote additional time to crucial and emerging topics.

What Your Investment Yields: all of the above (see Stream Investors) but even more prominently during the Summit and on our Summit website as well as on our Summit-related social media, plus two 2-day Summit registrations.

All White River Alliance Investors are recognized for their support year-round through our many communication platforms. For more information, please contact Jill Hoffmann, Jill@thewhiteriveralliance.org.
