

USACE FLOODPLAIN MANAGEMENT SERVICES

Brandon Brummett, P.E., PMP
Louisville District
Outreach Coordinator

U.S. ARMY

US Army Corps
of Engineers®

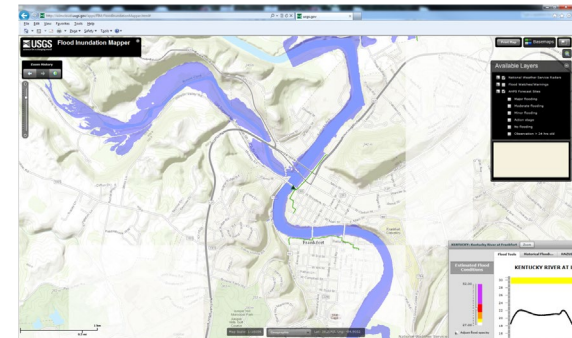

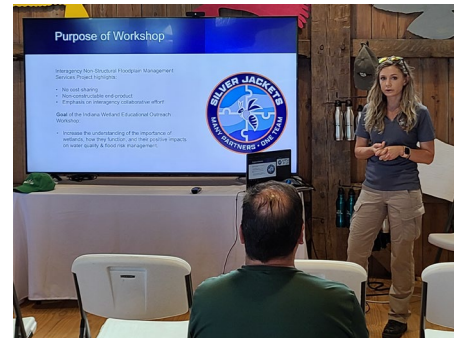

U.S. ARMY

FLOODPLAIN MANAGEMENT SERVICES PROGRAM

- Base Program
 - Unit, Technical Services & Quick Response, Special Studies
- Interagency Non-Structural Program
 - Similar to Special Studies, but requires Interagency partnerships looking at various non-structural solutions

U.S. ARMY

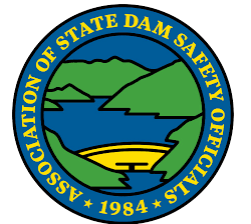

PROPOSED FY 24 STREAM & LAKE GAGE OPTIMIZATION & PRIORITIZATION EFFORT

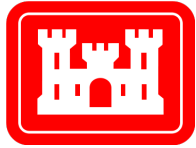

FEMA

- Multi-agency, multi-faceted analysis of where stream & lake gages need to be placed
 - Flooding – Past & Potential Future
 - Ecological, Water Supply, Recreational, and Other Needs
 - Federal, State, & Local Government Needs
- Will document process so that this can be replicated periodically in the future

Federal and National Partners

FEMA
