How We're All Connected...

A Roadmap To A Sustainable Shared Water Future...

A Roadmap To A Sustainable Shared Water Future...

Provide incentives to upgrade SEPTIC SYSTEMS or connect to sewer systems

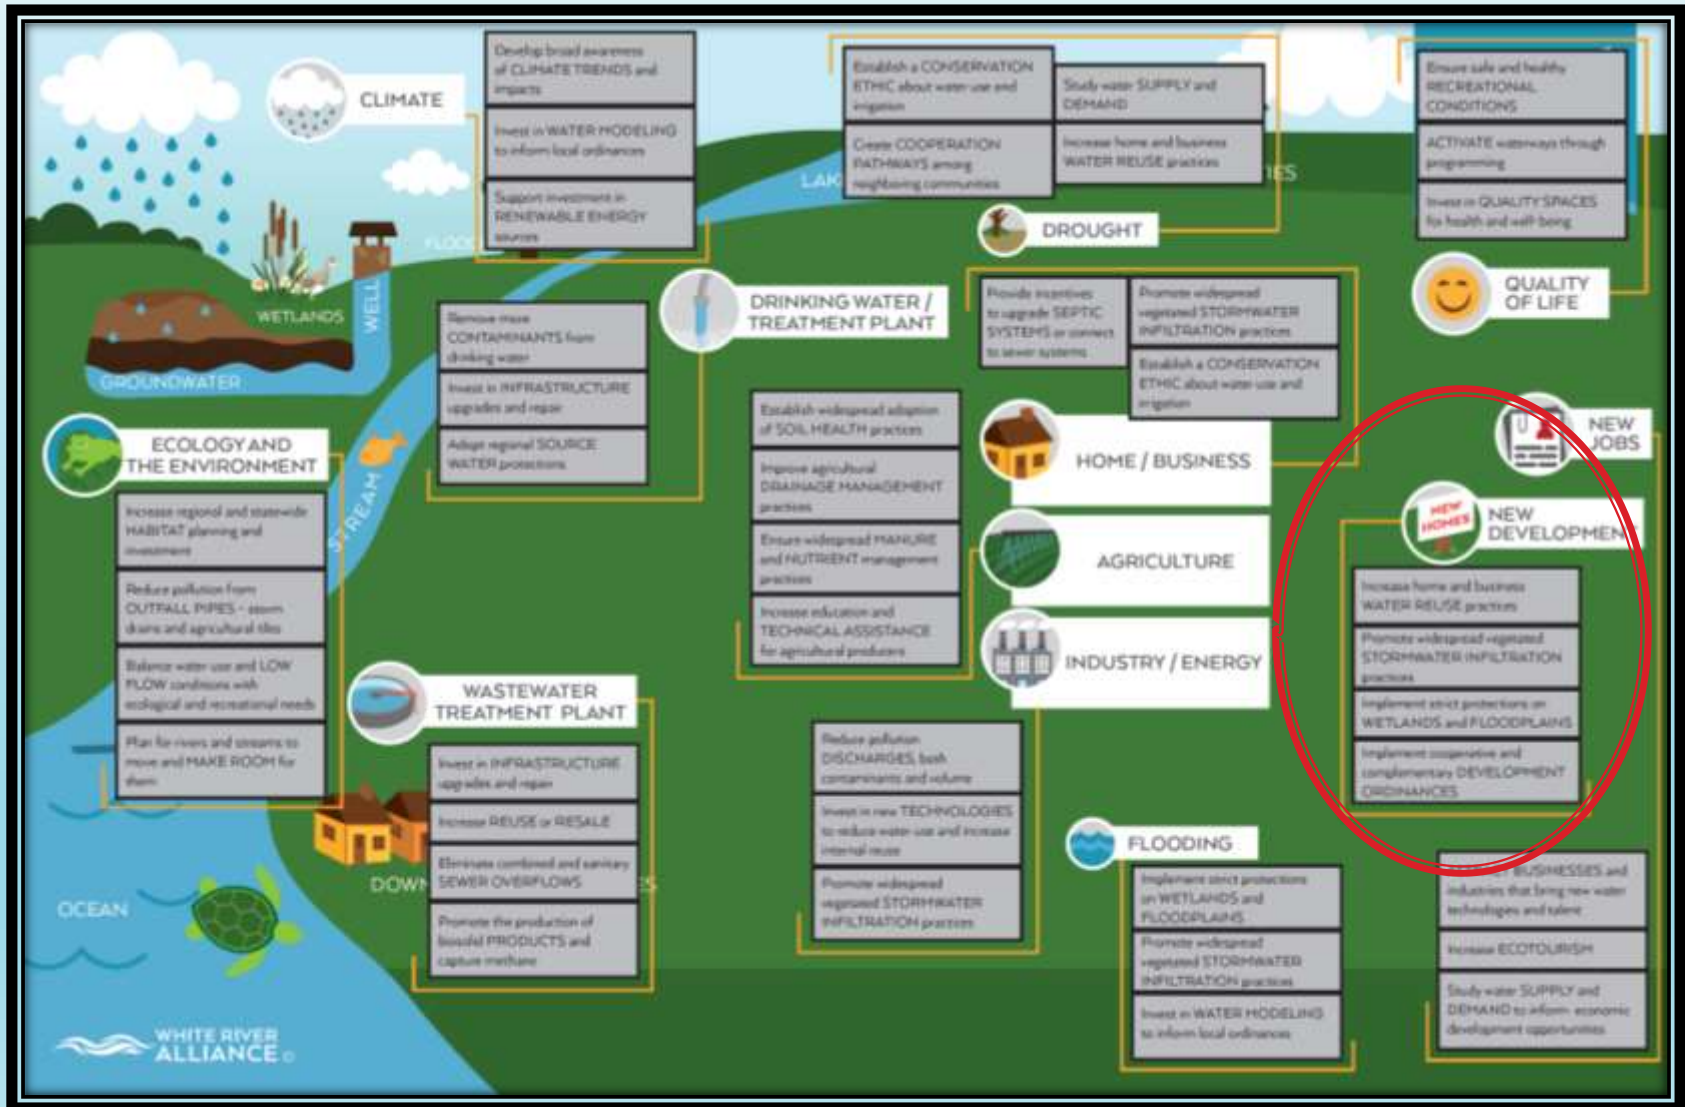

Promote widespread vegetated STORMWATER INFILTRATION practices

Establish a CONSERVATION ETHIC about water use and irrigation

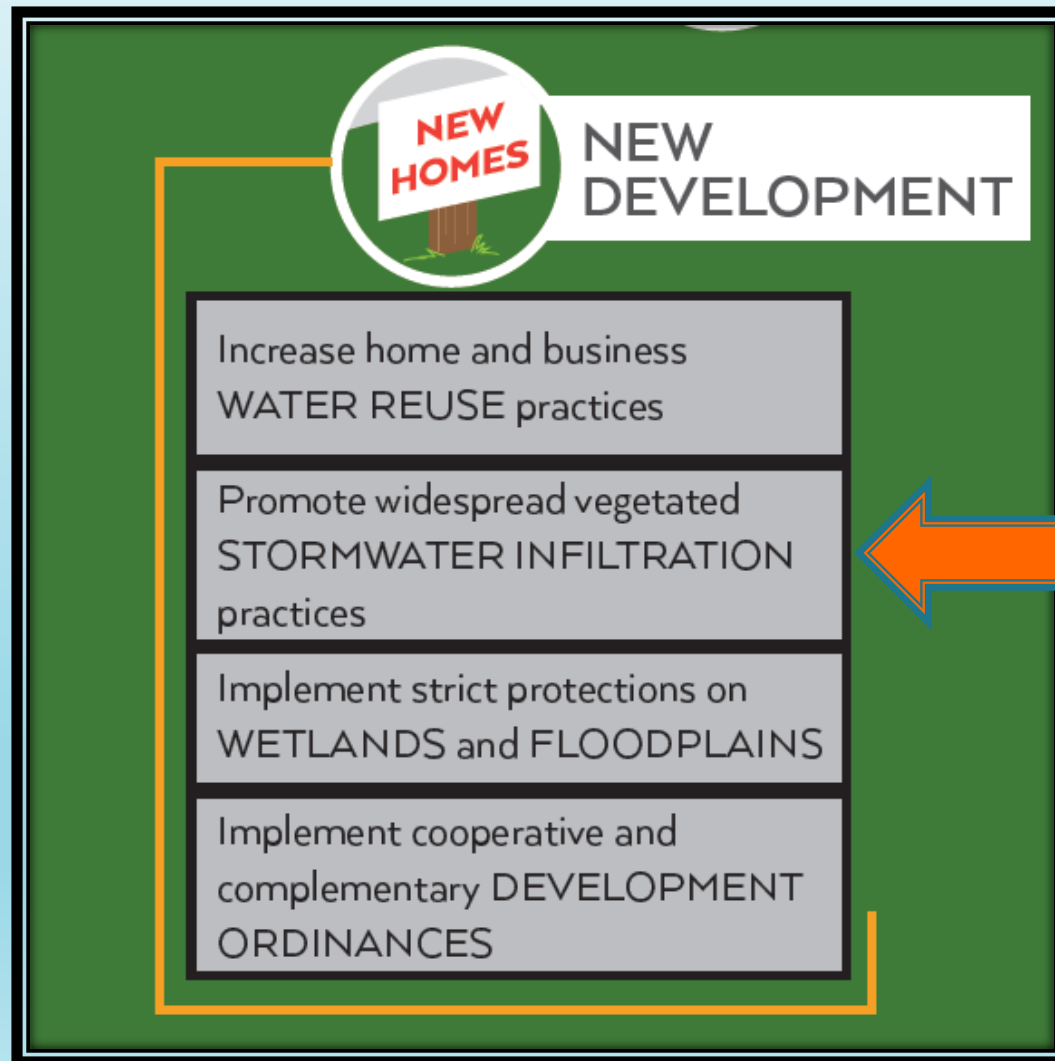

HOME / BUSINESS

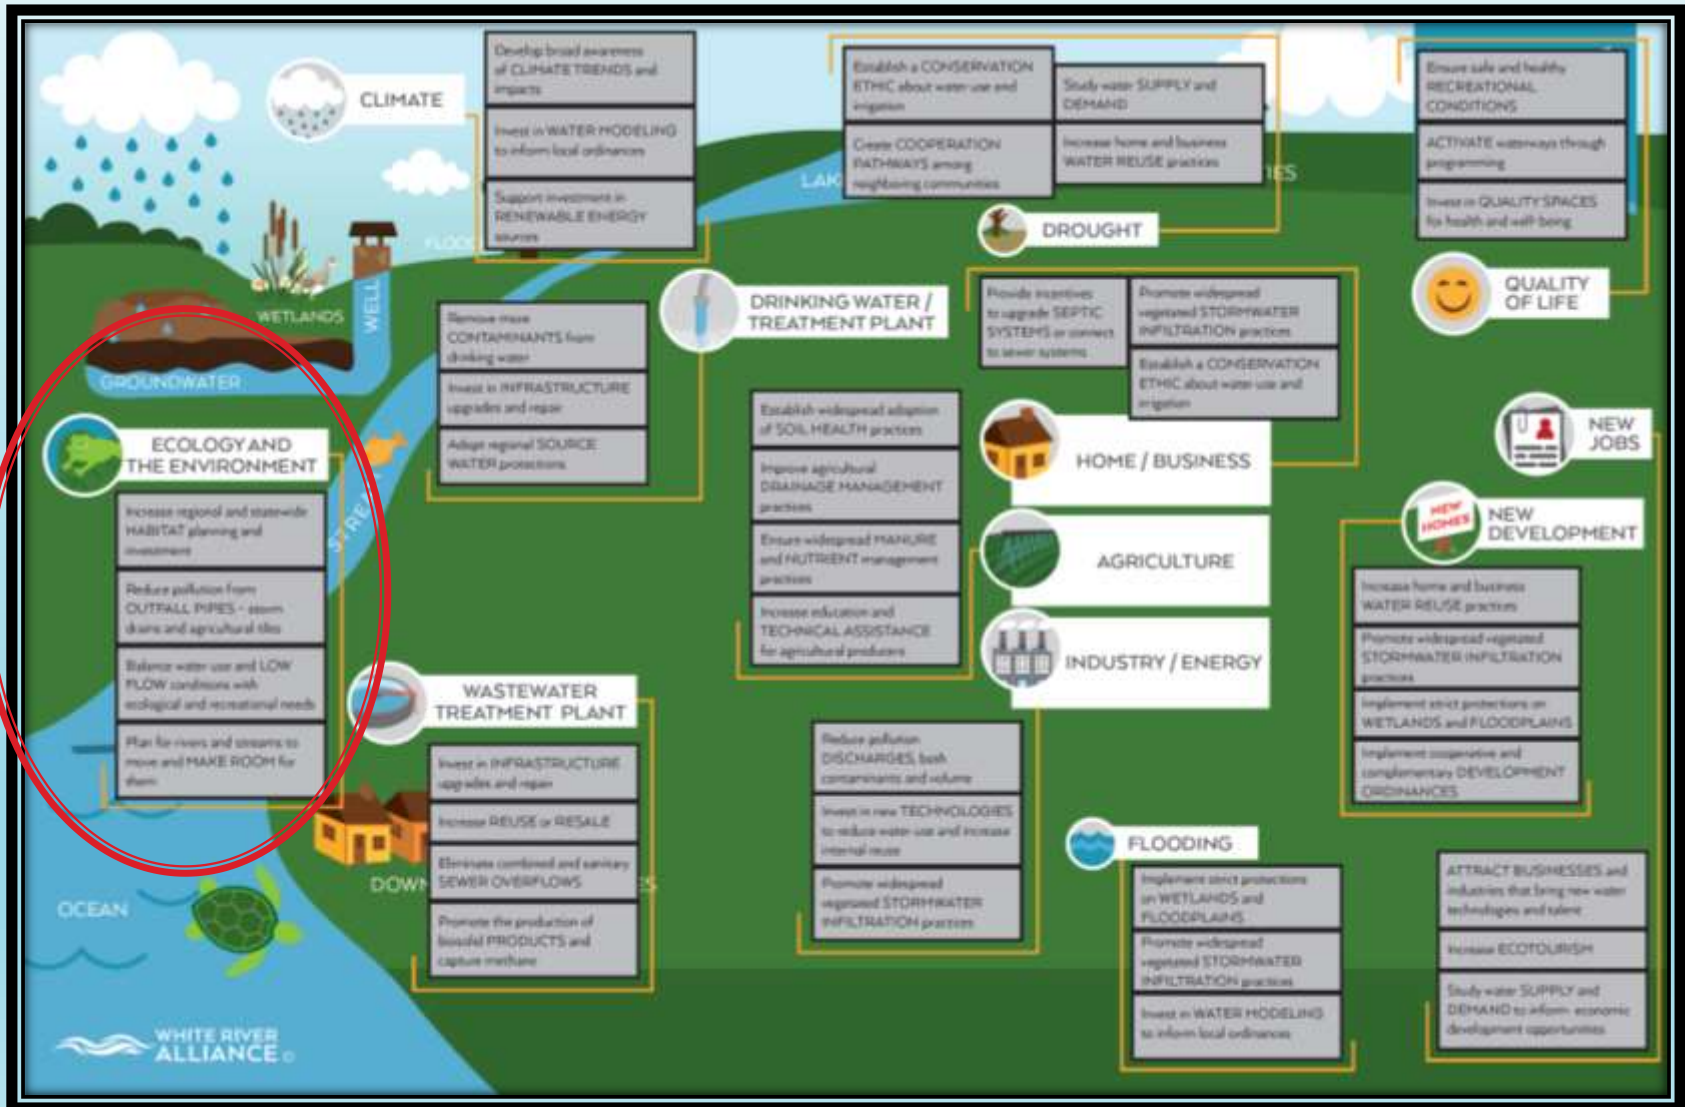

A Roadmap To A Sustainable Shared Water Future...

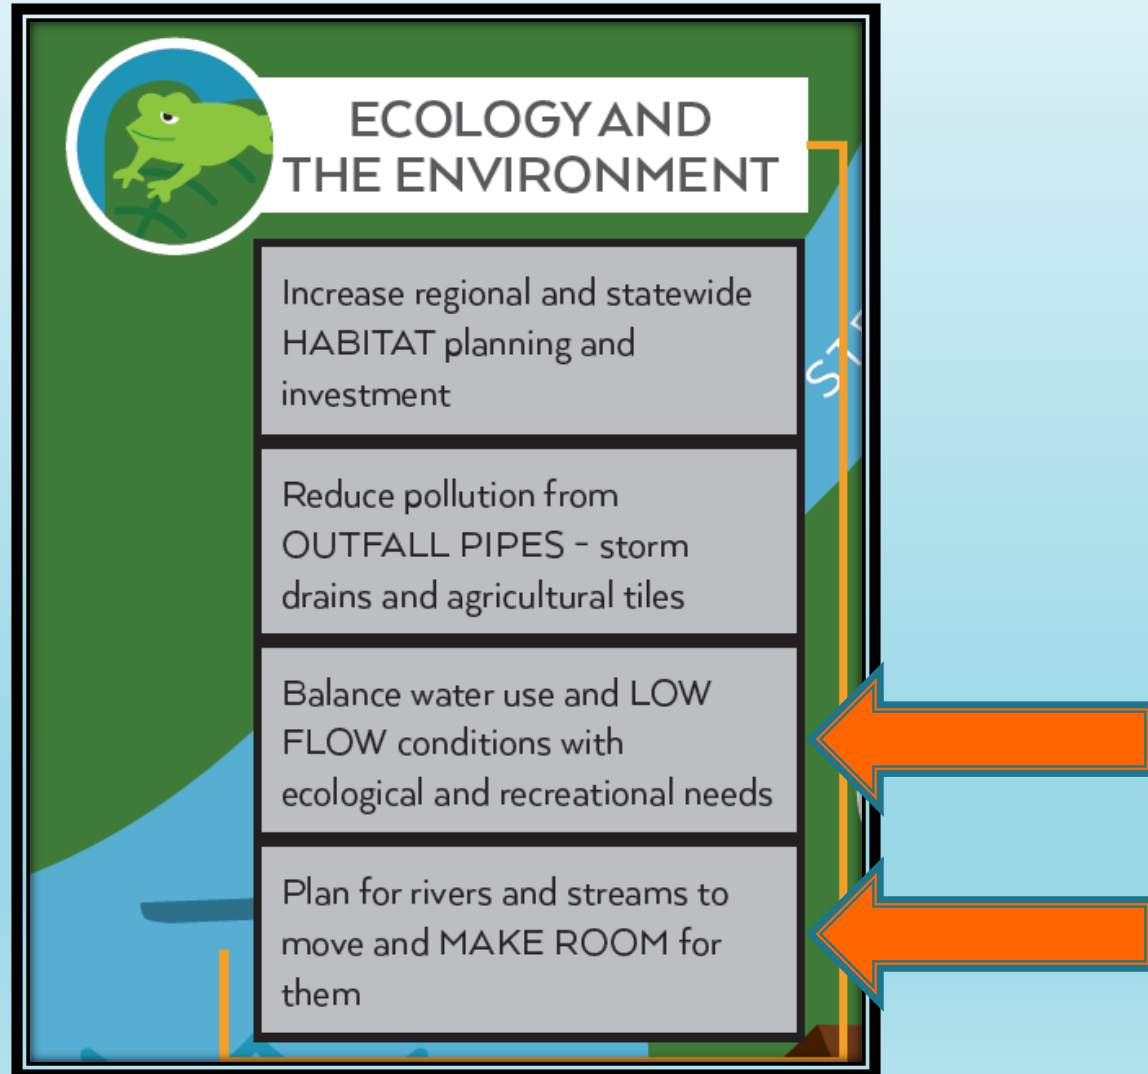

A Roadmap To A Sustainable Shared Water Future...

A Roadmap To A Sustainable Shared Water Future...

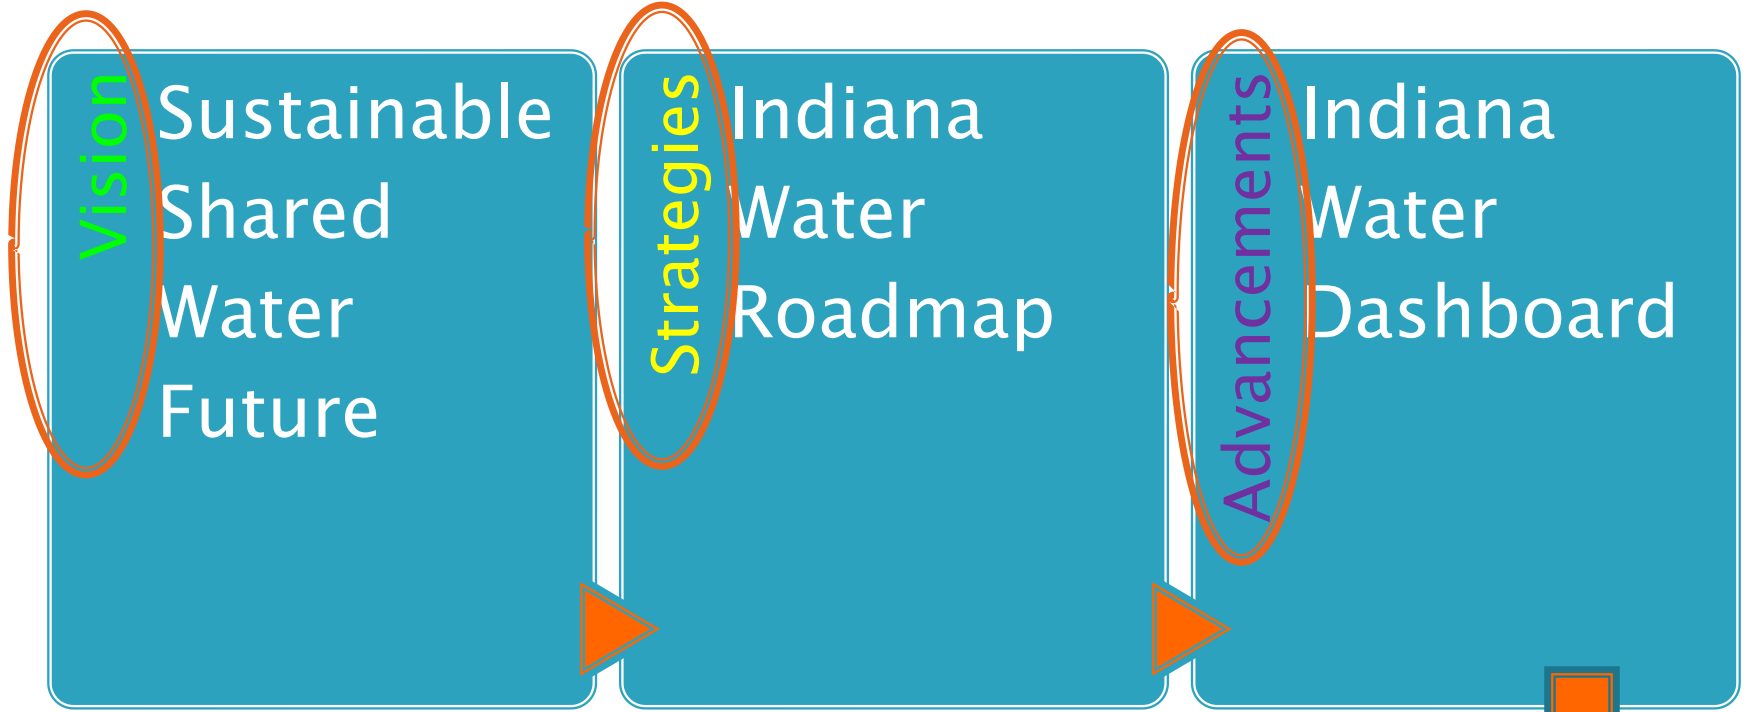

A Roadmap To A Sustainable Shared Water Future...

So Who Helped Design the Map?

- ▶ Indiana Chamber
- ▶ University Professors
- ▶ Private Consultants
- ▶ Farm Bureau
- ▶ The Nature Conservancy
- ▶ NRCS, USGS, etc.
- ▶ Park Managers
- ▶ Utility Leaders
- ▶ Indiana Wildlife Federation
- ▶ Industry Leaders
- ▶ Hoosier Environmental Council
- ▶ SWCD Leaders
- ▶ Stormwater Managers
- ▶ DNR, IFA, etc.

And Now YOU!

Advancements
in...

- Surface & Groundwater Quality
- Water Conservation & Reuse
- Stormwater Management & Flood Resilience
- Drought Resilience
- Citizen Engagement
- Data Availability, Comparability, & Access
- Regulatory Environment
- Habitat & Wildlife
- Capital Investment & Affordability
- Economic Development
