# Goals of Farm Advisors

- Gain practical advice and knowledge from farmers confident in conservation
- Ease practice adoption by flattening the learning curve
- Increase effectiveness and retention of conservation programs
- Facilitate growth of conservation-focused networks to support and encourage our peers

# Program Benefits

- Customized support for your unique farm - from someone who has been there
- Ongoing Learning through provided trainings on soil health, mental health and more
- Networking opportunities
  - Local roundtables
  - Regional Meetings
  - Annual Meetings
